*Essential Reiki* - Diane Stein 2011-02-02

Reiki is an ancient and profoundly simple system of "laying on of hands" healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki "attunements," ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

*Reiki and Your Intuition* - Tina M Zion 2019-05-01

Reiki has already swept through the world and become globally known. It seems that everyone is, or at least knows, a Reiki practitioner. What people did not expect is that Reiki is quite real. It is a distinct and powerful frequency of energy that heals the person proving Reiki just as much as the one who receives Reiki. The reality is that these changes are inevitable, expansive, positive, transformational . . . and sometimes extremely scary. This book is designed for all Reiki practitioners at all levels. *Reiki and Your Intuition: A Union of Healing and Wisdom* prepares, explains, and assures the practitioner that, because of Reiki, positive changes are happening and will continue to happen in their personal lives. This book will guide the practitioner through their own personal healing challenges, while at the same time, providing guidance through their startling, unforeseen intuitive skills exploding into other realms of consciousness. Zion brings her history of teaching Reiki with her current specialty of teaching medical intuition to provide a step-by-step guide and personal workbook for the Reiki practitioner to excel as a natural healer. Included in the book are very personal stories from Reiki practitioners and at the same time asks each reader to be much more aware of their own story as an intuitive Reiki provider. Each reader will learn:

- To be a clear vessel for intuitive Reiki;
- Precise steps for accurate intuitive assessments;
- Each person's personal intuitive relationship with the symbols;
- Step-by-step distant healing;
- Intuitive attunements;
- The depth of each person's own personal story.

As a Reiki Master the reiki practitioner can also perform reiki distant attunements and perform more advanced reiki healing methods. When ready the Reiki Master can also now go on to teach and certify others in the art of Reiki Healing.

**The Art of Psychic Reiki** - Lisa Campion 2018-10-01

From master Reiki teacher Lisa Campion comes The Art of Psychic Reiki, a one-of-a-kind, step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful, hands-on energy healing method from Japan that’s been gaining in popularity over the last century—not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author’s decades of experience with Reiki healing and her own methods, The Art of Psychic Reiki provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you’re drawn to the healing art of Reiki, you might be a highly sensitive person, with high levels of empathy, intuition, and latent psychic abilities (a combination of intuition and inner knowing, plus the ability to connect with higher wisdom). And since Reiki is a form of energy healing, many new practitioners may experience what’s called a psychic opening as they learn or practice. For this reason, it’s important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work—and this book can help. Whether you’re new to Reiki or you’re a practitioner seeking to deepen your knowledge and enhance your skills, with this guide you’ll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.

**Reiki Manual for First Degree (Shoden): Reiki Healing for Beginners, in the Japanese Style** - T. W. King 2005-10

This is something different. Rather than being a book about Reiki for the general public to read, this is a copy of the actual training manual given to First Degree students of Reiki Evolution, the well-known UK Reiki training organisation. The manual is different for several reasons. Firstly, it is easy-to-read, down-to-earth and really comprehensive, a complete and clear guide to the practice of Reiki at First Degree, ideal for people finding out about Reiki for the first time, and ideal for practitioners and Master alike. The manual is all about Reiki, and Reiki alone, rather than about various New Age practices that have crept into Reiki over the years, like crystals and Angels and spirit guides. And rather than presenting the Western style of Reiki that is covered in most Reiki books on the market (usually described as traditional Usui Reiki), this manual focuses on the form of Reiki that was taught by Reiki’s founder, Mikao Usui, in the 1920s in Japan, and is based on information coming from a group of elderly students of Reiki’s founder. In its original form Reiki was not so much a treatment method as a simple self-healing and self/spiritual-development method which could potentially be used on other people. So in this manual you will learn authentic energy practices that you can use on yourself each day to further your self-healing and your spiritual development, you will focus on the Reiki precepts (in their original form, not the altered Western version), and you will learn about the role of mindfulness in the original system. The manual presents a wealth of background information about Reiki, including an up to date history of Reiki, and you will also learn a simple and non-dogmatic approach to working on yourself and treating others. Many people attending Reiki courses do not receive any sort of a course manual, or perhaps just a few sheets of paper, and the Reiki Evolution Shoden manual will be of great help to those who have already learned Reiki, but who want to have more of a solid introduction to the subject, or who want to learn more about the system that Reiki’s founder was teaching, rather than the Western version taught on most Reiki courses. It also provides a comprehensive introduction to Reiki for those who are interested in finding out about Reiki for the first time.
