Auto Repair For Dummies - Deanna Sclar 2019-01-07

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been

interviewed on the Today show, NBC Nightly News, and other television programs.

Improbable Rendezvous - Tom Ferry 2015-10-17

While war historians may disagree over whether Japan had plans to invade Australia in WW2, all will agree three Japanese midget submarines came into Sydney Harbour with serious intent in 1942. But little has surfaced [until now] of a fourth midget submarine and the story of survival of one of the Japanese crew. Alone and adrift, the youthful survivor was hauled aboard a coastal steamer only to be dumped on remote Lord Howe Island with another unwelcome passenger. The two survived in the wild for a while before an island woman came on the scene. Denied the pleasures of the island paradise, the Japanese submariner was inhumanely interned until an amorous liaison secured his passage to freedom. In 2006, 64 years later, bestselling Japanese novelist Hiraku Makimura lands in Sydney to speak at a writers' seminar. From the moment a young woman steps into his hotel room he is on an emotional rollercoaster, while driving a Subaru around Sydney turns into a fatal nightmare. The hotel receptionist is an added distraction, until a woman with her own agenda takes Makimura in hand, leading him surreally to an improbable rendezvous with the submerged past__an encounter that rocks him to the core of his being.
