Chronicle in Stone - Ismail Kadare 2011-07-01
Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city.

Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the

boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

The Ghost Rider - Ismail

Kadare 2010-05-20

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter,

Doruntine, standing there

alone in the darkness. She has been brought home from a

distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst

to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

Metamorphosis - Franz Kafka

2021-02-24

The Metamorphosis is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-

like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

Democracy's Arsenal - Jacques S. Gansler 2011
New geopolitical realities -- including terrorism, pandemics, rogue nuclear states, resource conflicts, insurgencies, mass migration, economic collapse, and cyber attacks -- have created a dramatically different national-security environment for America. Twentieth-century defense strategies, technologies, and industrial

practices will not meet the security requirements of a post-9/11 world. In *Democracy's Arsenal*, Jacques Gansler describes the transformations needed in government and industry to achieve a new, more effective system of national defense. Drawing on his decades of experience in industry, government, and academia, Gansler argues that the old model of ever-increasing defense expenditures on largely outdated weapons systems must be replaced by a strategy that combines a healthy economy, effective international relations, and a strong (but affordable) national security posture. The defense industry must remake itself to become responsive and relevant to the needs of twenty-first-century security.

[Love to Hate You](#) - Anna Premoli 2016-06-01

Can your worst enemy become the love of your life? A fun, feisty, feel-good romance for fans of Sophie Kinsella and Meg Cabot. Jennifer and Ian

have known each other for seven years. They are leaders of two different teams in the same London bank, and are constantly engaged in a running battle to be number one. Ian is a handsome, wealthy and sought-after bachelor; Jennifer is a feisty, independent lawyer. When they are thrown together to work on the same project, Ian makes Jenny an offer she can't refuse: to have free reign of their rich client if she pretends to be his girlfriend. Soon, it becomes more and more difficult to tell the difference between fiction and reality... What readers are saying about *LOVE TO HATE YOU*: 'A light-hearted novel about love, (im)possibilities and challenges in the workplace' *Tu Style*. 'Anna Premoli, for me, is the best of the genre. This book made me laugh and fall in love - I read it four times!' 'I loved this novel from beginning to end ... If you want a book that is fun and romantic at the same time, I would definitely recommend it.' 'A beautiful love story ... I read it in just two days!'

Albanian Literature - Robert Elsie 2005-07-29

The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general. *Chemistry in Context for Cambridge International AS & A Level* - Graham Hill

- Sets the traditional principles of physics in a modern and global perspective and uses illustrations with a worldwide context
- Extra topics to give a truly rounded curriculum
- Double-page spread format

Ideal for those students intending to take physics to a more advanced level

Discovering Albanian I Textbook - Linda Mëniku
2011-08-01

Approximately five million people worldwide speak Albanian. The opening of Albania in the 1990s to broader trading and diplomatic relations with other nations has created a need for better knowledge of the language and

culture of this country. This book teaches the student to communicate in everyday situations in the language, with each chapter introducing a new situational context. Students learn to discuss work, vacations, health, and entertainment. Students also learn to practice basic skills such as shopping, ordering tickets, and renting an apartment. Upon completing this textbook, students will be at the A2/B1 level of proficiency on the scale provided by the Common European Framework of Reference for Languages (CEFR). The textbook includes:

- eighteen lessons based on real-life situations, including three review lessons
- dialogues to help introduce vocabulary and grammatical structures
- comprehension questions and exercises
- related readings at the end of each chapter
- full translations for all examples discussed in grammar sections
- a series of appendixes with numerous charts summarizing main classes of nouns, adjectives,

and verbs • an appendix with the solutions to most of the exercises in the book • a glossary with all the words in the dialogs and readings.

Odyssey and Sirens - Vasil S. Tole 2014-05-01

The research - theme with variations "Odyssey and Sirens..." - proceeds from long-standing anxiety to discover the far ancient origin of the Albanian Iso-polyphony as a stupendous occurrence of conception of music itself.

Theses and hypotheses on such symbolism are interweaved in, and furthermore, sufficient motives proving the existence of the Iso-polyphony from the times of ancient civilisations can be found. It has really been a pleasure to deal with this subject, though quite frequently during this inexhaustible work of defining the research we had to be engaged in matters beyond our competencies and desire for a mere ethno musicological interpretation of Homer's "Odyssey".

2016-02-09
"A captivating tale to savor
about a woman whose buried
past threatens her picture
perfect family life. Felicia is a
wonderfully flawed, compelling
main character, one who has
stayed with me long after I
finished the book. A winning
novel from a writer to watch." -
Benilde Little, bestselling
author Felicia Lyons, a stressed
out stay-at-home mom,
struggles to sprint ahead of the
demands of motherhood while
her husband spends long days
at the office. Felicia taps,
utters mantra, and breathes
her way through most
situations, but on some days,

like when the children won't
stop screaming her name or
arguing over toy trucks and
pretzel sticks, she wonders
what it would be like to get in
her car and drive away. Then
one evening the telephone
rings, and in a split second the
harried mother's innocent
fantasy becomes a hellish
reality. The call pulls her back
into a life she'd rather forget.
Felicia hasn't been completely
honest about her upbringing,
and her deception forces her
return to the Philadelphia of
her childhood, where she must
confront the family demons and
long buried secrets she thought
she had left behind. From a
phenomenal fresh voice in
fiction, comes the compelling
story of what happens when
the dream falls apart. Sadeqa
Johnson's *Second House from
the Corner* is an unforgettable
tale of love, loss, rediscovery,
and the growing pains of
marriage.

[Choosing Tomorrow's Children](#)

- Stephen Wilkinson
2010-02-18

To what extent should parents
be allowed to use reproductive

technologies to determine the characteristics of their future children? Is there something morally wrong with choosing what their sex will be, or with trying to 'screen out' as much disease and disability as possible before birth? This book offers answers to such questions.

How All Teachers Can Support Citizenship and Human Rights Education -

Peter Brett 2009-01-01

This publication sets out the core competences needed by teachers to put democratic citizenship and human rights into practice in the classroom, throughout the school and in the wider community. It is intended for all teachers, not only specialists but teachers in all subject areas, and teacher educators working in higher-education institutions or other settings, both in pre- and in-service training. Some 15 competences are presented and grouped into four clusters. Each cluster of competences corresponds to one chapter, within which the competences are described in detail and

exemplified. The reader will find progression grids and suggested developmental activities for each competence: these grids, featuring focusing, developing, established and advanced practice, aim to help teachers and teacher educators determine the level to which their professional practice corresponds, and thus identify specific and practical improvements upon which they can focus.

All Revved Up - Sylvia Day 2011

On the eve of his thirtieth birthday, Miguel Santos leaves his high-powered life behind for a visit to the small town he grew up in... and the high school sweetheart whose wild passion he's never stopped craving. Faith Bennett loved Miguel the moment she saw him. But she always knew his future was in New York, while hers was tied to the auto shop that was her close-knit family's livelihood. Pushing him away nearly broke her, but when he

took her heart with him, he left something precious behind. Now he's back, demanding her body, her desire, her very soul as retribution for the pain he still carries. He won't settle for anything less than everything she's got, but she still can't leave with him and he still can't stay, and their past has secrets too explosive to share.

Queen of the Owls - Barbara

Linn Probst 2020-04-07

A chance meeting with a charismatic photographer will forever change Elizabeth's life. Until she met Richard, Elizabeth's relationship with Georgia O'Keeffe and her little-known Hawaii paintings was purely academic. Now it's personal. Richard tells Elizabeth that the only way she can truly understand O'Keeffe isn't with her mind—it's by getting into O'Keeffe's skin and reenacting her famous nude photos. In the intimacy of Richard's studio, Elizabeth experiences a new, intoxicating abandon and fullness. It never occurs to her that the photographs might be made public, especially without her consent. Desperate to avoid exposure—she's a rising star in the academic world and the mother of young children—Elizabeth demands that Richard dismantle the exhibit. But he refuses. The pictures are his art. His property, not hers. As word of the photos spreads, Elizabeth unwittingly becomes a feminist heroine to her students, who misunderstand her motives in

posing. To the university, however, her actions are a public scandal. To her husband, they're a public humiliation. Yet Richard has reawakened an awareness that's haunted Elizabeth since she was a child—the truth that cerebral knowledge will never be enough. Now she must face the question: How much is she willing to risk to be truly seen and known?

Tessellations - Robert

Fathauer 2020-12-08

Tessellations: Mathematics, Art and Recreation aims to present a comprehensive introduction to tessellations (tiling) at a level accessible to non-specialists. Additionally, it covers techniques, tips, and templates to facilitate the creation of mathematical art based on tessellations.

Inclusion of special topics like spiral tilings and tessellation

metamorphoses allows the reader to explore beautiful and entertaining math and art. The book has a particular focus on 'Escheresque' designs, in which the individual tiles are recognizable real-world motifs. These are extremely popular with students and math hobbyists but are typically very challenging to execute.

Techniques demonstrated in the book are aimed at making these designs more achievable.

Going beyond planar designs, the book contains numerous nets of polyhedra and templates for applying

Escheresque designs to them.

Activities and worksheets are spread throughout the book, and examples of real-world

tessellations are also provided.

Key features Introduces the mathematics of tessellations, including symmetry Covers polygonal, aperiodic, and non-

Euclidean tilings Contains tutorial content on designing and drawing Escheresque

tessellations Highlights

numerous examples of tessellations in the real world

Activities for individuals or

classes Filled with templates to aid in creating Escheresque tessellations Treats special topics like tiling rosettes, fractal tessellations, and decoration of tiles

Clinical 3D Dosimetry in
Modern Radiation Therapy -

Ben Mijnheer 2017-10-31

This book provides a first comprehensive summary of the basic principles, instrumentation, methods, and clinical applications of three-dimensional dosimetry in modern radiation therapy treatment. The presentation reflects the major growth in the field as a result of the widespread use of more sophisticated radiotherapy approaches such as intensity-modulated radiation therapy and proton therapy, which require new 3D dosimetric techniques to determine very accurately the dose distribution. It is intended as an essential guide for those involved in the design and implementation of new treatment technology and its application in advanced radiation therapy, and will enable these readers to select the most suitable equipment and methods for their application. Chapters include

numerical data, examples, and case studies.

Knowing Native Arts - Nancy Marie Mithlo 2020-09-01

Knowing Native Arts brings Nancy Marie Mithlo's Native insider perspective to understanding the significance of Indigenous arts in national and global milieus. These musings, written from the perspective of a senior academic and curator traversing a dynamic and at turns fraught era of Native self-determination, are a critical appraisal of a system that is often broken for Native peoples seeking equity in the arts. Mithlo addresses crucial issues, such as the professionalization of Native arts scholarship, disparities in philanthropy and training, ethnic fraud, and the receptive scope of Native arts in new global and digital realms. This contribution to the field of fine arts broadens the scope of discussions and offers insights that are often excluded from contemporary appraisals.
