Atonement - Ian McEwan
2009-03-19
From the Booker Prize winning author of *Amsterdam*, a brilliant new novel. On the hottest day of the summer of

1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house.

Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed - irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound - and profoundly moving - exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Evolve Your Brain - Joe Dispenza 2010-01-01

Why do we keep getting the same jobs, taking on the same relationships, and finding ourselves in the same emotional traps? Dr. Joe Dispenza not only teaches why people tend to repeat the same negative behaviors, he shows how readers can release themselves from these patterns of disappointment. With the dynamic combination of science and accessible how-to, Dispenza teaches how to use the most important tool in ones body and life—the brain. Featured in the underground smash hit of 2004, "What the Bleep Do We Know!?", Dispenza touched upon the brain's ability to become addicted to negative emotions. Now, in his empowering book Evolve Your Brain he explains how new thinking and new beliefs can literally rewire one's brain to change behavior, emotional reactions, and habit forming patterns. Most people are unaware of how addicted

they are to their emotions, and how the brain perpetuates those addictions automatically. In short, we become slaves to our emotional addictions without even realizing it. By observing our patterns of thought, and learning how to 're-wire the brain' with new thought patterns, we can break the cycles that keep us trapped and open ourselves to new possibilities for growth, happiness and emotional satisfaction. Key Features A radical approach to changing addictive patterns and bad habits. Based on more than twenty years of research. Bridges the gap between science, spirituality and self-help—a formula that has proven success. Easy to understand and written for the average reader.

My Name is Victoria - Victoria Donda 2011-10-18

Argentina's coup d'état in 1976 led to one of the bloodiest dictatorships in its history—thirty thousand people were abducted, tortured, and subsequently “disappeared.” And hundreds of babies born to pregnant political prisoners were stolen from their doomed mothers and “given” to families with military ties or who were collaborators of the regime. Analía was one of these children, raised without

suspecting that she was adopted. At twenty seven, she learned that her name wasn't what she believed it to be, that her parents weren't her real parents, and that the farce conceived by the dictatorship had managed to survive through more than two decades of democracy. In *My Name is Victoria*, it is no longer Analía, but Victoria who tells us her story, in her own words: the life of a young and thriving middleclass woman from the outskirts of Buenos Aires with strong political convictions. Growing up, she thought she was the black sheep of the family with ideas diametrically opposed to her parents'. It wasn't until she discovered the truth about her origins and the shocking revelation of her uncle's involvement in her parents' murder and in her kidnapping and adoption that she was able to fully embrace her legacy. Today, as the youngest member of congress in Argentina, she has reclaimed her identity and her real name: Victoria Donda. This is Victoria's story, from the

moment her parents were abducted to the day she was elected to parliament.

Mia Corvere has found her place among the Blades of Our Lady of Blessed Murder, but many in the Red Church hierarchy think she's far from earned it. Plying her bloody trade in a backwater of the Republic, she's no closer to ending the men who destroyed her familia; in fact, she's told directly that Consul Scaeva is off limits. But after a deadly confrontation with an old enemy, Mia's suspicions about the Red Church's true motives begin to grow. When it's

announced that Scaeva will be making a rare public appearance at the conclusion of the grand games in Godsgrave, Mia defies the Church and sells herself to a gladiatorial collegium for a chance to finally end him. Upon the sands of the arena, Mia finds new allies, bitter rivals, and more questions about her strange affinity for the shadows. But as conspiracies unfold within the collegium walls, and the body count rises, Mia will be forced to choose between love and revenge, and uncover a secret that could change the very face of her world.

Upside Down - Eduardo Galeano
2014-05-13

From the winner of the first Lannan Prize for Cultural Freedom, a bitingly funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable *Memory of Fire* Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged

historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable

sense of humor, and hope." - Los Angeles Times, front page

Life in the Argentine Republic in the Days of the Tyrants - Domingo Faustino Sarmiento 1868

Narcoland - Anabel Hernandez 2013-09-10

The product of five years' investigative reporting, the subject of intense national

controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her

exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It

does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.
